

Battery Equaliser USA, LLC
2225 Sara Way
Carlsbad, Calif. 92008

1-24-2000

Dear Mr. Ken Hardesty:

Industrial Battery Engineering manufactures, sells and services batteries for **Forklift, Solar and Battery Chargers, also Special Applications.** Over the last **Forty years** we have seen many battery additives on the market, of which none worked. Finally a product has entered the market place that really works. After testing Battery Equaliser in a number of situations we not only found the sulfation gone, but many batteries running two to four hours longer in the same Situation.

We feel Battery Equaliser is a valid preventive maintenance product and Wli not void any warranty that comes with IBE Batteries.

Sincerely,

A handwritten signature in black ink, appearing to read "Gary Eddy". The signature is fluid and cursive, written over a white background.

Gary Eddy
Technical Dept.
